VOL. XXXVIII — SONOMA, SONOMA COUNTY, CAL., AUG. 21, 1915 — NO. 8

Reopening of Sonoma Valley Union High and Grammar Schools August 23rd

On Monday morning the Sonoma Valley Union High School opened for the fall term with a record attendance.

There were twenty-nine freshmen, sixteen sophomores, fifteen juniors, two seniors, three postgraduates, making a total of seventy-two students—thirty-two boys and forty girls.

More expect to enter, but have delayed registering for various causes. Some are still picking fruit, some have no means of transportation from the upper part of the valle , and one boy and one girl would enter high school if a place could be secured to work for board and room. As the seating in the assembly hall is inadequate, part of the students report for roll call in the vestry room.

The new course of Mechanical Drawing is proving popular and is an excellent addition to the curriculum. Boys who expect to follow the building trade or machine work learn to draw plans, to scale, and make blue prints. Free Hand Drawing is also given again this year.

The Commercial Department offers the standard commercial courses given by the Commercial High Schools and Business Colleges in the cities, which include Commercial Arithmetic, English, Bookkeeping, Gregg Stenography and Touch Typewriting.

The Domestic Science Department is in charge of Miss Lillian S. Hyde, who holds degrees from Stanford University and Teachers College, Columbia University. The courses offered this year are Elementary Sewing and Textiles; Advanced Sewing, which includes Dressmaking, Designing and Millinery; Elementary Cooking and household accounts; Advanced Cooking and Dietetics. The latter course will include the study of food values, the balanced ration, invalid cookery and infant feeding. The courses of this department are thoroughly practical and of great value to the future housewives and mothers of our community.

The construction of additional rooms for the accommodation of the Domestic Science Department brings to mind a suggestion to the mothers—to the women of mature years, who have learned by the broad teachings of experience, and that means the surmounting of many trying difficulties, that it would be well were they to interest themselves more closely in this branch of education during the next school year. Indeed, the plan of mor matrons taking up with the girls the study courses would be productive of most excellent, far-reaching results.

In adding Domestic Science to the currriculum of the High School it was with the earnest desire of affording to any woman in this school district who wished to avail herself, an opportunity to improve he knowledge of sewing, cooking, textile, dietetics and household management. Education along these lines progresses equally in pace with all other branches, and while many of grandmother's old fashioned ways are "good enough" for the best of us, yet modern methods so frequently simplify and relieve wearisome household prob lems that the women upon whom rests the responsibilities of homemaking are reaching forth for the helpfulness offered.

Principal Jesse F. Prestwood of the Grammar School reports an enrollment of one hundred and fifty-five, with additions daily, and a large number, who are busy in the fruit, etc., yet to come in.

Miss Minnie Cook, as usual, has her "hands full" with the half hundred little ones who are under her guidan ce.

Principal Prestwood and his coterie of assistants are looking forward with happy anticipation to moving into their splendid new school home in the near futur , as the trustees are having the work rushed through rapidly to completion.

RALPH MURPHY TO ERECT ADDITION

Contractor Ralph Murphy, who was awarded the construction of the addition to the Sonoma Valley Union High School, for the accommodation of the Domestic Science Department, will rush the work as rapidly as possi le.

The plans for the building, which is to be erected at a cost of $1600, were drawn by Bailey & Comstock of Santa Rosa. The addition comprises two rooms, one wherein the science of cookery, dietetics, etc., is taught, and the other for sewing, etc. The former will be 18x30 feet, and the latter 24x30 feet in dimensions.

Fernando Maldonado departed for San Rafael, Monday afternoon, where he entered the Hitchcock Military Academy.

School Children's Agricultural and Industrial Exhibit To Be Held September 3rd-4th

Preliminary arrangements for the School Children's Agricultural and Industrial Exhibit, which takes place at the Sonoma Valley Union High School, Friday and Saturday, September 3rd and 4th, are almost completed, and the display promises to eclipse that of last year.

Annual Reunion of the Prize Winning Members Boys' Agricultural Clubs

BY HAROLD KASPAR HOTZ

The First Annual Reunion of the Trans-Continental Tour Prize Winners of the California High Schools Agricultural Clubs was held under the auspices of the Agricultural Department of the University of California in Berkeley, August 16th to 20th, 1915. All but about three of the 1914 winners were able to attend.

Monday afternoon was spent on the University Campus at Berkeley. In the evening we held our "First Annual Reunion Banquet" at the Hotel Carlton, Berkeley. Representatives from the Agricultural Club of the University of California attended the banquet. Dean Hunt of the University also sat the banquet.

Speeches were made by Prof. Crocheron, State Leader Boys' Clubs; Dean Hunt of the faculty of University of California, and by the 1914 prize winners.

After the banquet, pictures were projected on a screen, showing the views, scenes and sights we saw enroute the prize trans-continental trip.

Tuesday, we attended a meeting of the State Leaders in Agriculture from the various States. Mr. Benson, national leader of boys' clubs of the north and northwestern States, presided at the meeting. Here each one of the 1914 prize winners again made a speech, telling how he raised last year's prize crop.

A National All Star Club of Prize Winners in Agricultural Clubs from all the States in the United States was organized and officers elected. The president of this national club is a California boy, the vice-president lives in Utah, and the secretary in Tennessee.

In the afternoon, we were taken in automobiles through Alameda County, viewing the agriculture, etc., of that county. That night we were given a camp-fire jollification in the Berkeley hills.

Wednesday morning was spent viewing the San Francisco Exposition. Then, in the afternoon, we took the electric cars to Mill Valley, thence the trolley to th top of Mt. Tamalpais. The ride to the top of Mt. Tamalpais was scenic and intensely interesting. From the top we looked off into seven counties, and Pacific Ocean. That night, we took in the movies.

Thursday, all day was spent at the Panama-Pacific International Exposition. Here we took in the Agriculture Palace, Live Stock Section and a few foreign buildings. We also had the honor of hearing a special arranged conversation between New York City and San Francisco. The head lines from the latest editions of the New York paper were read over the wires, a phonograph record was played, and we heard the waves beat on the Atlantic Coast.

In many of the exhibit palaces, the different exhibitors furnished us with guides, who explained the points of interest in their section.

Friday was spent in Berkeley and San Francisco, and I arrived home in Sonoma Friday night, having had one of the best times ever. It had seemed like 12,000-mile trans-continental tour over again.

A reunion similar to this is to be held by the 1914 prize winners annually. We have somewhat planned on a camping trip for next year.

In connection with the above account, I have been asked to report for the Index-Tribune on the Sonoma Valley Union High School's Agriculture Club—what it is doing, etc. Those in this year's club are as follows: Robert Harrison, Clyde Johansen, William Bruero, Robert Bird, Fred Batto, Fred Heggie, Lester Hawkins, Stewart Porter, George Cooper, Edward Dowdall, Murray Foster, Harold Hotz.

The contest is drawing very near a close, and a great deal of enthusiasm and interest is being shown among the contestants. The prize winner will again be sent on a transcontinental trip, similar to that which was awarded to me last year.

Many more members have enrolled in the Club this year than last, and with the incoming students it is expected that the Agricultural Club of Sonoma High will be made a stronger body and feature. The crop this year has been changed from tomatoes to potatoes. The contest is to come to a close in the following week and it is expected that the 1915 prize winner will be announced at the School Children's Agriculturol Fair.

The judges as elected by the Club are as follows: Otto Gericke, M. H. Rowell, W. J. Kearney, and R. M. Hagen, adviser and expert in charge.

Many exhibits have been promised for the coming Agricultural Fair. The prizes have already been announced in this paper.

Under the headship of M. H. Rowell, the Sonoma High Agricultural Club expects to make a decided success of this year's Fair.

Mrs. Otto Wagner and little son are the guests of Alameda friends.

Wm. Trudgen and family took in the fair at Petaluma one day this week.

The family of H. C. Manuel contemplate moving to Los Angeles in the near future.

Dr. C. C. O'Donnell has found a valuable deposit of coal on his place at Glen Ellen.

Mrs. J. A. Poppe and Mrs. Kate Buchan visited the Mechanics Fair, San Francisco, last Thursday.

Jas. Landy of the dredger, Nevada, which is now stationed at Courland, Sacramonto County, is at home on a two week's visit.

There will be a bicycle race on Sunday, September 2nd, between Frank Gilbert and S. Schocken for the sum of $5. The race will be run from Sonoma to Glen Ellen The former will go on a bicycle and the latter on the train.

Robt. Hall, one of Sonoma Valley's most successful horticulturists, has raised this season the finest crop of peaches that has ever been produced in the State. A sample box sent in to this office on Tuesday last shows what thorough cultivation backed up by our soil and climate is capable of accomplishing. The peaches, after a careful inspection, were found to be free from all blemishes and in size averaged eleven inches in circumference.

Two hundred thousand basalt blocks have been shipped from Schocken's quarries in this place to San Francisco the past month over the San Francisco and North Pacific Railway. Several hundred thousand more are lying alongside the railway at this point, awaiting shipment to the same city. Mr. Schocken has one contract alone that calls for 400,000 paving blocks.

The entertainment and ball given at Union Hall, last Wednesday evening by the Sonoma Turn Verein was largely attended. The following program was very excellently carried out and entertained the audience for two hours:

Overture, Hahn's Band; introductory remarks, Hon. F. T. Dubring; vocal solo, Miss Natalie Harazthy; dumb-bell exercises, juvenile class, S. T. V.; recitation, Miss Madge Sullivan; parallel bar exercises, members of S. T. V.; vocal solo, Miss Pauline Bates; piano solo, Miss Nellie Stevenot; scientific points in self-defense, John B. Skinner and Prof. Bradstreet of Boston; vocal solo, Miss Claire Hope; motto song, Jas. B. Small.

Robt Pasch acted as floor manager and it is needless to add gave general satisfaction.

The committee of arrangements, Messrs. A. F. Pauli, Robt. Pasch, Carl Haderman, George Spanning and James L Knight deserve praise for the able mannsr in which they managed the affair.

By the terms of the will of the late Rev. Jeremiah Leahy, an olographic document, which has been filed for probate, the estate valued at about $10,000 is bequeathed to Rev. Fathers Eugene O'Sullivan of Richmond, and Maurice D. Slattery of San Francisco, share and share alike, on condition that they pay the debts and funeral expenses of Father Leahy.

Owing to the absence of leading witnesses for both the prosecution and the defense, the case of C. Clement, who is charged with having conducted a "blind pig" in connection with his cafe, near Fetters' Springs, which was to have come up before Justice of the Peace Marvin T. Vaughan at Santa Rosa last Saturday, was continued until yesterday (Friday).

VINTAGE FESTIVAL AT ST. HELENA

There are big plans under way and much work has already been accomplished to make the St. Helena Vintage Festival a greater show than ever. It is expected that there will be quite an interest taken between the sixteen farm centers which will compete with elaborate displays of products of the farm.

Saturday, September 4th, will be "Exposition Day in Napa County During the Vintage Festival" and arrangements are being made to have one or more of the directors to the Panama-Pacific Exposition there and also a commissioner or representative from every nation and State represented at the Exposition. The fund recently contributed by the Supervisors will be used in defraying the expense of bringing these people there and they will be dined and taken on sightseeing trips to the large wineries and many points of interest.

The Vintage Allegory that created such interest last year and was later taken to Venice near Los Angeles, and there shown for a whole week, has been improved and the scenic effect will be something marvelous as General Manager Gardner de Veuve in one scene alone will show an effect that will not soon be forgotten. Ritzau's orchestra and band of sixteen pieces have been engaged.

Saturday, Sunday and Monday September 4th, 5th and 6th being holidays it is expected that hundreds of people will remain in St. Helena over the week-end, and thus enjoy a very pleasant outing.

Special excursion rates have been secured on all railroads and thecounty highways are being placed in excellent conditions by the supervisors and are to be finished before opening day, September 3rd.

WANTED--ELECTION OFFICERS

Postmaster John Wagnon received last week a circular from County Clerk W. W. Felt, Jr. headed:

"Wanted! Applications For Positions as Election Officers."

Accompanying the circular is a request that he post it in a conspicuous position where the public can see it. Under the new law the appointments are made by application only, the board selecting the officials from among those making application for the position.

The circular reads:

"The Board of Supervisors of Sonoma County is about to appoint election officers to have charge of the special election to be held on the 26th day of October, 1915.

"In order to secure the most capable and efficient election officers to have charge of this and subsequent elections, the board is desirious of learning the names of men and women of each precinct, of clerical ability or otherwise qualified, who are willing to serve as election officers.

"Blanks for 'Applications to Serve as Election Officer' may be procured at the office of the city clerk of Petaluma, Sebastopol, Sonoma, Healdsburg, and Cloverdale, at your nearest postoffice or upon application to W. W. Felt, Jr., county clerk, and must be filled out and mailed to the office of the county clerk on or before September 16, 1915.

"Dated August 16, 1915.

SUNDAY SERVICES IN SONOMA CHURCHES

Congregational Church

T. M. Price, Pastor.

Church School is at 10 a. m.
Morning Worship at 11 a. m.
Union Service at 8 p. m.

CHURCH—The Church teaches the Jesus way of life. it is not a back number, but it has its obstacles. The stress and strain to make a living is great and exhausting and Sunday is the world's day of rest. Captains of industry and capital may go to church, but public utilities must go on and labor be employed that cannot go to church. We would suggest that those that can go to church get there and pray for those who cannot. See to it that Sundays off be a part of every seven-day job. The best recreation for every worker is the new creation he gets in God's house giving him honor and keeping His commandments. Keep the Sabbath day as Jesus did if you can, but when you cannot, you need not. The way we live today, the Sabbath has necessary employment and many who once went to church when we lived at at slower gait, cannot do it now. We would suggest, not that we return to our old gait, but that we quicken our religious gait, and not think we are getting more intelligent because we are being left behind religiously. Our new way of life requires a bigger head of steam. We can meet the requirement of the Eighthteenth century religion, but not that of the Twentieth and therefore the churches are not as well filled as in days of yore.

The meeting house used to be the only place open on Sunday, where the neighbors could meet. Now investments are made to catch the people's penny. You can get pleasure on land or sea or in the air, if you have the price and the people go after it in great haste, neglecting God, their children and anything else, because they are busy six days making a living and God don't put up a howl. Would it help to have an aero-plane church or to have a church on the wind so people could catch it on the run? There are many things now to tempt people to waste time and money where there was but one when people went to church. Our day requires more reverence more love, more honesty, betwen God and man, and people to-day are not equal to toeing the mark, but call it progress. In dodging the preacher they fall in the hands of Old Nick. You can get rid of a preacher in twenty-five years, but men stay dead a long while.

Sunday morning comes and people sit in negligee surrounded by the Sunday newspaper, magazines, and all kinds of literture and it is an aversion to action—and the white shirt and stiff collar—that makes them feel so advanced and progressive. The people would live in the way of Jesus if they would follow Him. I think Jesus was as wise as progressive people who are too smart to be devout. You do not go to church to be entertained, but to pay a debt of worship to your creator. The Church is God in human action. We need more Church than we ever had. We need to know how to live, not mere eating and drinking as the horse, but to live in this world, that we may live forever. The Church teaches the science of living.

Mrs. Ralph Hotz, who was hostess of the afternoon, pleasantly surprised her guests by providing a consolation prize, which was won by Mrs. H. F. Bates.

The Boys' Potato Club will have a booth to display the products of their labors at the Agricultural Fair, Friday and Saturday of next week, and will serve French fried, shoe strings and Saratoga chips. They offer a priz of one dollar for the greatest number of tested receipts on how to prepare potatoes for table serving.

"When People Talk" is the subject of a lecture to be delivered by Rev. Edwin F. Brown, pastor of the Methodist Episcopal Church, at Union Hall, Wednesday night of next week, September 1st. An admission of twenty-five cents is to be charged, and the proceeds are to be devoted to the Organ Fund of the Methodist Church. Rev. Brown is a good speaker, of pleasing delivery, and those who decide to hear his discourse will be pleasantly entertained and given many thoughts worthy of remembrance.

Edward Gise, a prominent Benicia business man, and Banker W. L. Crooks motored over to this city Saturday last.

Mr. and Mrs. F. T. Duhring entertained friends from Los Angeles last week—Mrs. E. L. Doran and Miss Gertrude Doran.

Mrs. Samuel H. Haven and children spent the latter part of last week visiting with relatives and friends in the bay cities.

Mrs. Albert Green, little Mildred and Baby Charlotte Mary, will return to their home in Napa tomorrow, after spending the week pleasantly at the home of Mrs. Green's mother, Mrs. M. Poulson.

Roy Pauli and James Gottenberg returned from their week's vacation Sunday evening. The first few days was pleasantly spent at Willow Camp, Marin County, and the rest of the time was replete with interest Exposition sight-seeing.

James Kehoe and Ocie Smith have leased the Otto Brandt ranch at Schellville. The property comprises several hundred acres and is one of the finest places in the valley. These young men are wished all sorts of good luck in their venture, and their friends anticipate their success as both are industrious and ambitious.

Mr. and Mrs. R. B. Hunter departed for San Francisco yesterday (Friday) morning, to enjoy a week sight-seeing at the Exposition. On the afternoon train of yesterday, Mrs. W. H. Hanger took her grandchildren, Master Cecil and Baby Maxine Hunter, for a week-end visit to Novato, where a cousin of Mrs. Hanger's has just purchased a country home.

Noble Grand Charles LaTorres and Harry Hunt, committeemen representing Sonoma Lodge of Odd Fellows, motored to Santa Rosa last Sunday, to confer with the Odd Fellows' committee of that city relative to participating in the 91st annual session of the Sovereign Grand Lodge, which takes place in San Francisco during the week of Monday, September 20th. The members of the fraternity of Sonoma and Marin Counties, some fifteen hundred in number, will form a division of the big parade of September 22nd. The members of the local branch of the order will unite with the rest of their county brethren in the parade. If arrangements can be perfected, the Patriarch Militant Band of Petaluma will head the Marin-Sonoma division.

Contractor Ralph Murphy is constructing a comfortable bungalow on the Rich-Waller Tract for Chris Saunders, who is manager at that point for the San Francisco company engaged in the hauling of sand from Sonoma Creek to the metropolis.

The Ladies' Aid Society of the M. E. Church will hold a sale of aprons in connection with an appetizing Chicken Pie Dinner in the parlors of the Church on Thursday, September 2nd, at which time the ladies ask the patronage of the general public.

On Friday evening, September 17th, a beautiful play will be staged in the delightful gardens of Mrs. F. Clewe, by members and friends of the Woman's Club. This will be a new attraction for Sonoma; and in the spacious grounds, with the huge pine trees and thick shrubbery for a natural background, and with the moonlight filtering through, the players will doubtless face a record-breaking crowd.

President Mrs. P. N. Stofen and the executive board of the Sonoma Valley Woman's Club have decided that next Friday afternoon's meeting of the Club will be adjourned sufficiently early to permit the ladies to attend the Agricultural Fair in a body, in time to be present at the lecture and demonstration on New Methods of Canning and Jelly Making, by Miss Lillian D. Clark, University of California.

Prof. and Mrs. M. H. Rowell spent part of last week in Oakland, where Mr. Rowell attended the National Teachers Convention, reporting the meeting as the most interesting and instructive educational sessions it has ever been his privilege to atten . A theme handled in especially fine style was that of encourging the study of agriculture in the public schools, and of stimulating interest in modern methods of farming and of higher standards of living in the rural districts.

On Tuesday and Wednesday, August 31st and September 1st, a Rummage Sale will take place in the building between the Post Office and the Fior D'Italia Hotel, under the direction of the Woman's Club. Everybody is asked to please donate one or more articles for this sale, either old or new, clothing, crockery, furniture, bric-a-brac, live-stock—anything and everything. Donations are to be sent in on Monday, August 30th, so they can be properly marked for the Sale, which begins Tuesday morning. Haven't YOU something you wouldn't mind giving away in a good cause—to help build the new Club House?

Miss Harriet Collins, after a pleasurable visit in Sonoma, the guest of her friend, Miss Inez Reed, returned to her home in San Francisco, Friday of last week.

Mrs. Grace I. Granice returned Thursday evening from San Francisco, where she had been with friends since the interment of her son, the late Walter Clarence Bonner. Mrs. Granice was accompanied home by her friend of years' standing, Mrs. M. A. Lang, of San Francisco. Mr. Lang comes up to today for a week-end visit.

Sonoma paid full tribute to the Sebastopol Apple Show last week, each day town and valley sending motor parties to view the splendid exhibit. At the grand ball of Saturday night, our city was represented by Mr. and Mrs. A. W. Adler, Misses Eleanor Kehoe, Ethel, Agnes and Marguerite Gericke, Dr. Jos. Abrurua and Jack Millerick.

Friday of last week was the fifteenth anniversary of the birth of Miss Providence LaTorres, the only daughter of our estesmed residents, Mr. and Mrs. Charles LaTorres. During the afternoon, Miss Providence was given occasion to realize the extent of her popularity when her home was invaded by a bevy of her girl friends. The recipient of the honor was genuinely surprised when the jolly party of girls arrived to assist in making the anniversary replete with pleasure and happy memories. The afternoon was delightfully spent in games, music, and the discussion of delectable refreshments. A host of friends hope for Miss Providence many joyous returns of the anniversary.

Postmaster John D. Wagnon attended the National Convention of Postmasters, held in San Francisco last week, and reports the sessions to have been interesting and in many ways helpful. Entertaining it was, too, said Mr. Wagnon, as among the attending postmasters were many natural humorists, whose recounting of the "trials and tribulations" of the country postmaster were highly amusing. The official experience of Sonoma's postmaster as related before the Convention was to the effect that thus far during his tenure of office, he "had gotten everything he wanted." That assertion not only complimented the Department but spoke well for Sonoma. It is a sure thing that Postmaster Wagnon would not have been given everything he wanted, if the local office had not been brought up to the necessary standard and attained sufficient patronage to warrant "everything."

FINE CARD FOR MATINEE RACES IN SANTA ROSA

"A fine 'card' has been prepared for the Matinee Races to be pulled off at Santa Rosa next Sunday afternoon, August 29th," said Jos. F. Ryan, to an Index Tribune representative just prior to his starting for the county seat, Tuesday morning, with his famous guideless pacer, College Maid.

Mr. Ryan will drive his handsome LaDonna in the free for all pace, and admirers of Kitty Dillon will regret to learn that Ryan has been unable to enter the mare on account of her being lame.

One of the pacers pitted against Ryan's LaDonna is Glenwood Mack, the spirited animal which kicked and very severely injured his driver, "Jack" Grimes, of Petaluma, at the last races held in Sonoma.

The horses entered are all well known to Sonoma Valley followers of the turf, and the entries are as follows:

FREE FOR ALL PACE

Dr. Wm. S. Jennings,
LaDonna,
Glenwood Mack.

2:20 CLASS—MIXED PACE AND TROT

Lady Stillwell,
Sarah C,
The Lizard.

2:30 CLASS MIXED

Guy Carlton,
Linnie,
Guy Anteo,
Sir Lynwood,
Pacific,
Ike M.

2:20 CLASS—PACE

Nutwood Demonio,
The Tramp,
The Protrero,
Protreress.

2:25 CLASS—TROT

Springtime,
Lady Steinmoor,
Jessie Dillon,
Alemada Maiden.

Springtime, a Petaluma trotter, will be driven by Sonoma County's unrivalled adept in the "handling of the ribbons," Jos. F. Ryan.

The Press Democrat of Wednesday noted that, on Tuesday, "Joe Ryan, the noted reinsman of Sonoma, drove LaDonna, a pacer, a mile in 2:08½."

It is also announced that at this meet Company F, Government Engineers, will give daring exhibitions of cavalry and infantry drills between races. A Roman race is to be featured.

It is needless to add, Sonoma Valley will be largely represented at the interesting track event.

Notice of Sale

MCKNIGHT PAROLED

"Red" McKnight, who on Aug. 4th, was convicted on the charge of conducting a "blind pig" at the Sonoma Valley resort known best as Parente's Villa, and sentenced by Justice of the Peace Marvia T. Vaughan of Santa Rosa to serve six months in the county jail, was paroled last week on condition that he leave the county. McKnight therefore, has sought other parts where "blind pigs" may roam at will.

CONTRIBUTED NEIGHBORHOOD NEWS

Vineburg

Mrs. Horace Leech, of Alameda, is the guest of Mr. and Mrs. Arthur Batto in North Vineburg. The ladies are cousins.

Messrs. Norman Heggie of Sonoma and Fred Batto of Vineburg, with their families, motored to Dillon's Beach, Sunday last

The Huichicia School opened on Monday of this week, with twenty-nine scholars present. Mrs. Carrie Dependener is the teacher.

Fred Lowell, one of Vineburg's most respected citizens and expert orchardists, transacted business at Batto's Spur on Tuesday last.

Mrs. Anna King and children of Alameda are the guests of Mr. and Mrs. John Wadsworth at Bartlett Cottage, Hyde Tract, this waek.

"Willie" Clewe was exchanging greetings with his Vineburg friends on Sunday last in his swell car. The fruit is drying allright, "Billy Boy."

A. L. Wells, the well-known painter and decorator of Sonoma was a Vineburg visitor on Sunday last. The gentleman was on his way to San Francisco..

Mrs. Arthur Batto of Vineburg' Miss Jessie Hiser of Sonoma, and Misses Agnes and Ethel Reive of El Verano were visitors in the Exposition City on Wednesday last.

Al Trautvetter of the Hyde Tract' took the south-bound train for the metrropolis, Wednesday afternoon, where he will combine business with pleasure for the rest of the week.

Large shipments of fruit, wine, hay, and other products of this part of the valley, together with the receipts of feed, grain and merchandiee, keep our popular station agent, Grove Rubke, and his genial assistant, S. H. Ames, on the move, believe me.

City Trustee Charles McDevitt, one of Sonoma's solid men, accompanied by Emil Andrieux, was shaking hands with friends at Batto's Spur one day this week. Charlie may be going into a decline, but we notice that his shadow is not growing less.

H. H. MacPherson, M. H. Potter, A. Strandberg, A. N. Bennett and R. Edminson, survcyors and civil engineers, State Highway Commission, are guests at New Vineburg Inn this week The gentlemen report the work on the highway is progressing fine.

Our ex-mayor is now engaged in building an addition to his bungalow on The Old Homestead, and charming Minnie Madden tells us that he will paint the water tank and oil the windmill before all the people of Vineburg get the appendicitis. You can believe Minnie, sure!

L. Wollet and wife of Richmond will be the guests of Mr. and Mrs. Peter Deirx at their home on the Hyde Tract the next two weeks. Mr. Wollet holds a responsible position with the Standard Oil Company at Richmond, and also has real estate holdings on the Hyde Tract.

Can it be done? It can and E. J. Kann of 2708 Central Avenue, Alameda, can prove it. The gentleman is a guest at the Trautvetter residence on the Hyde tract. He used to walk, but now he rides. Mr. Kann won the Ford touring car presented at Idora Park, the lucky number being 9173, price twenty five cents. I wonder why some people "Kann" worry? Lucky Kann.

Fritz Helberg, of Schellville, was a visitor at Batto's Spur, Wednesday last, soliciting names of young ladies to organize a Parlor of Native Daughters of the Golden West in Sonoma Valley. Well, Fritz, all we have to say is, that if you make as much success in your new venture as you have in the pitcher's box on the diamond green, or leading a cake walk in a minstrel show, you will land the Parlor, allright!

EASY JIM.

Children Cry FOR FLETCHER'S CASTORIA

El Verano

Many local residents enjoyed the picnic at Oak Grove, Sunday.

Grace Brothers are making some large shipments of hay via the Southern Pacific.

Earl Lowery is spending several days with his brother, C. L. Lowery.

Thomas Ghilligan, a well-known visitor, was a welcome guest here Sunday.

Captain J. E. Dorward paid a pleasant visit with his family here over Sunday.

A. Leveroni is showing some class, having purchased a new Overland Touring Car.

Roy Chance left for Vallejo, last Friday, where he has again taken a position at the Navy Yard.

John Amann and son left Sunday for an extended visit to San Francisco and the Exposition.

Assistant District Attorney Jack Ford motored through town Sunday enroute to Sonoma in a Ford Motor Car.

John Nufer, accompanied by his friend, Billy Weeks, of Oakland, spent Sunday at the former's pretty cottage on Riverside Avenue.

T. H. Baines has joined the ranks of autoists and can be seen any day Fording along in the interests of his Real Estate and Insurance business.

W. J. Minkle proved himself to be a fearless motorcyclist, Sunday, when he was seen burning up the road on the rear of a fast motorcycle.

Mr. and Mrs. Eddie Miller, of San Francisco, spent the week-end at the Villa Savoy. Mr. Miller is connected with one of the large cigar stores on Powell Street.

Michael Maffei, the well-known commercial traveller, of San Francisco, was in town Tuesday, on business connected with his firm. Mike is an old-time Sonoma boy.

Mario Carnevera, a well-known Sonoma boy, is the fireman on the local Southern Pacific passenger train, while Carlos Emparan, also of Sonoma, is "breaking" on the freight.

Mr. and Mrs. Brandenburg, of San Francisco, spent Saturday and Sunday at the Bellevue Hote.. Mr. Bradenberg returned home Sunday while Mrs. Brandenburg and child will spend a week or so here.

Claude Burnell, a retired officer and pensioner of the San Francisco Fire Department, motored up to El Verano from the metropolis, and is registered at El Verano Villa. Claude also drives a Ford.

Supervisor Harry Weise and Roadmaster John P. Serres visited this town one day last week, and made a general survey of bridges, culverts and roadbeds. As the fall work is now commencing, and repair of the roads for winter conditions will be in order, our supervisor has a good many improvements in contemplation for this section.

He intends, in the very near future, to place a Deane Current Deflector in Sonoma Creek, immediately north of the Verano bridge, in order to swing the current away from the west pier of that structure, which has been threatened by the freshets of former winters. A dozen teams or more will be put to work to move the great piles of gravel, which have accumulated in the neighborhood of the bridge, on to the county road where it will do the most good and relieve us from mud hold holes. The bulkhead on Riverside Avenue, injured somewhat by last winter's floods, will be repaired and all culverts will be overhauled and put in proper condition to carry the water through without interruptions.

For these contemplated improvements, together with the dozen or so permanent and lasting concrete bridges erected in his district within the past few months, it goes without saying, the tox-payers and people in general are muchly grateful to our energetic representative on the Board of Supervisors.

GREY WOLF.

Schellville

E. E. Bennett was a Schellville visitor in Petaluma on Tuesday.

Conrad Keiser, on the Petaluma road, entertained relatives the week's end.

Mrs. E. P. Steddom transacted business in the "Egg City" on Tuesday last.

Dr. Arburua and Will Kehoe, of Sonoma, made a business trip here on Wednesday.

Jos Keechler and family attended the Apple Show on Thursday of last week.

Jim Small, a clever penman of Vineburg made a business trip here on Tuesday.

Jack Millerick was among the visitors who took in the Apple Show on Saturday last.

Mrs. Frank Thompson and little daughter were passengers on last Saturday morning's south-bound train.

Mr. and Mrs. Arthur Landsborough enjoyed a week-end visit with relatives in San Rafael, as well as friends in and around the bay.

The Misses Valeria and Marie Helberg went to San Francisco, last Saturday, where they enjoyed the day calling on friends and relatives.

Mrs. Tony Keiser and her children are enjoying a week's visit with Oakland relatives. They report a good time taking in the great Fair.

The "Jolly Dozen" met at the home of Mrs. Fred Schell, on last Saturday evening, and the usual good time was appreciated by all. Here's hoping we'll meet again!

The home of Mr. and Mrs. Harold Pauli was made still happier by the advent of a native son—born on Saturday last, August 21. Mother and babe are doing splendidly.

The members of the Methodist Ladies' Aid Society were delightfully entertained at the home of Mrs. Fred Schell, on Thursday afternoon. A great many members and friends of the Society speak well of the hospitality extended.

HAPPY JACK.

COUNTY PURCHASES THREE AUTOMOBILES

At the meeting of the Supervisors, Aug. 14th, in accordance with a determination expressed several days ago, and to do away with exorbitant bills for automo ile hire, the county fathers purchased three machines which will be used by the sheriff, county school superintendent, and for other official work, under the direction of the board. One of the machines bought was a seven-passenger Buick for $1500; another and smaller Buick for $1100, and a Chabalot for $600. The Supervisors unhesitatingly state that the purchase of the machines will be a matter of economy for the county.

The cars are one seven passenger and two five passenger cars.

It is proposed to keep close tab on the use of the cars. A register will be established and each user of the car when he takes it out will have to sign the same and a record of the number of miles travelled, kept by the spedometer, will also be recorded.—Press Democrat.

FINE DISPLAY

Says the Press Democrat: The California Light and Telephone Company, of which F. L. Wright of this city is president, had a fine exhibit in the implement tent at the apple fair. It showed all sorts of things of an electric nature and for use to enable farmers and others to enjoy life with the use of cheap motive power to assist them in their work.
